Handles for customised window design

MACO Emotion

For windows, balcony and patio doors

Open, tilt, close: With **MACO Emotion**, we offer coordinating handles that combine functionality, quality and design with superb form. Our window handles are available in various designs, colours and materials, enabling window solutions with a range of key aspects: from elegant and discreet to secure and robust as well as functional and economical – all with a 10-year functional warranty.

Benefits for fabricators

01 Flexible application

Ready for all materials: can be used in timber, uPVC and aluminium windows

02 Wide variety

For custom-tailored solutions: available in multiple material, design and functional versions

03 Systematic compatibility

One handle series for all solutions: coordinates with **all** European window systems

Benefits for consumers

01 Customised design

Because tastes differ: wide variety of shapes, colours and materials for made-to-measure window solutions

02 Additional security

Simple to install: Tresor security window handle with added burglary protection for locking certified security windows

03 Convincing quality

Typical MACO: first-class window handles with a 10-year functional warranty

Our handle options

Harmony

The timeless design makes this handle solution an all-rounder that blends harmoniously into any architectural style while offering full functionality.

Tresor

With button or key locking: This handle solution offers enhanced burglary protection in accordance with the German industrial standard. The lockable version is also ideal for child-proofing against unwanted opening

Unity

Made of high-quality stainless steel for good reason: this handle solution is especially resistant to environmental influences and yet remains easy to clean

Finger pulls

Various installation heights make these external handles the ideal solution wherever space is limited – such as between a casement door and roller shutter or window shutter.

Coordinated solutions for a perfect fit

Other system components such as MACO Emotion handles

Weather seals

Energy savings with sound insulation and comfort: **MACO Adapta weather seals** offer all this in a range of materials and designs for custom-tailored solutions.

Window rebate vents

Good for the indoor climate: **MACO Vent** allows ventilation even when windows are closed – without requiring any construction measures.

Thresholds

No chance for condensation to form: **MACO Transit thresholds** insulate effectively, save energy and ensure sustainable building quality.
