MACO Emotion

TIMBER

PVC

ALU

maco.eu

For all types of sliding doors

Open, tilt, close: With **MACO Emotion**, we offer coordinating sliding door handles that combine functionality, quality and design with superb form. Our window handles are available in various designs, colours and materials, enabling sliding door solutions with a range of key aspects: From elegant and discreet to secure and robust as well as functional and economical – all with a 10-year functional warranty.

Benefits for fabricators

01 Flexible application
Ready for all materials: Can be used in timber, uPVC and aluminium sliding doors.

02 Wide variety
For customised solutions: Available in several material, design and functional variants.

03 Designed for compatibility
One handle series for all solutions: Coordinates **with all** European sliding door systems.

Benefits for consumers

01 Customised design
Because tastes differ: Wide variety of shapes, colours and materials for made-to-measure sliding door solutions.

02 Easy care
Easy maintenance for longer service life: All handles are simple to maintain and can be easily cleaned without special cleaning agents.

03 Impressive quality
Typical MACO: Finely crafted handles with a 10-year functional warranty.

Our handle options

HS-12

Elegant and timeless: This special handle solution for lift & slide doors is also available in the standard colours black-brown, titanium, silver, traffic white, cream white, champagne and bronze.

Finger pulls

Various installation heights make these external handles the ideal solution wherever space is limited – such as between a lift & slide door and roller shutter or window shutter.

Harmony

The timeless design makes this handle solution an all-rounder for slide & tilt doors that blends harmoniously into any architectural style while offering full functionality.
