

TECHNOLOGY IN MOTION

Keyless access solutions

MACO OpenDoor

Uncompromising convenience: **MACO OpenDoor** makes doors keyless and secure. There are three access solutions to choose from to unlock doors and implement customised access options – the **Instinct app**, a **keypad** and the **dLine fingerprint scanner**. All solutions are reliably tamper-proof and function safely even in the event of a power outage thanks to the optional emergency power supply.

TECHNOLOGY IN MOTION

Benefits for fabricators

01 Perfect combination

Ready to go: All three access solutions are pre-assembled for direct use in the automatic lock with motorised opening.

02 Attractive range

For every taste: whether access control via the **Instinct app**, **keypad** or **dLine fingerprint scanner** – all access solutions offer a high level of convenience and security.

03 Efficient installation

Fast and error-free: The plug connections between the motor, operating and control unit are designed so that installation can be completed securely in next to no time.

Benefits for consumers

01 Keyless convenience

Whether by app, fingerprint or code: If doors are secured with **MACO OpenDoor**, forgetting keys, key safes and handing over keys are a thing of the past.

02 Unlimited access

No power? No problem! The **MACO UPS module** can supply all three access solutions with power to ensure maximum security and access control.

03 Flexible access control

One solution, many options: **MACO OpenDoor** makes it easy to set who should be granted access by code, fingerprint or app, and when.
